

Fluentum - Design Students of Häme University of Applied Sciences

7.5.-29.8.2021

Isabel Torras Aspa, Confetti, photographer: Isabel Torras Aspa

The Fluentum glass exhibition presents the glass skills of Häme University of Applied Sciences' design students.

There are glass works from four different year students. The Latin word Fluentum means flow, which is also the theme of this exhibition.

Products and works made with different techniques represent students' own interpretations of this theme.
