Exhibition at the Finnish Glass Museum 3.6.–28.8.2022

Heikki Punkari and Aada Vainio embarked on a shared journey into the world of glass in 2015, when Aada began her apprenticeship at the Iittala Glassworks with master glassblower Heikki as her instructor.

From Generation to Generation presents the fruits of their collaboration, both recent creations and earlier works born along the way. Both Aada and Heikki draw inspiration from nature, but the intrinsically dynamic nature of the material itself is an important source of ideas for both creators.
